

Edmonton Bulletin.

VOL. XIV. NO. 46. EDMONTON, ALBERTA, THURSDAY, OCTOBER 6TH, 1892. SEMI-WEEKLY, 8 PAGES

TELEGRAPHIC.

WINNIPEG, October 6.

Lord Tennyson died on Sunday.

Blake is raising money to take to Ireland.

The Grand Trunk is discharging many employees.

Fifty settlers left Montreal on Tuesday for St. Albert.

Mackenzie Bowell is being boomed for the premiership.

Ernest Renan, the great French philosopher and historian, is dead.

A large Swede settlement has secured land between Edmonton and Red Deer.

Joel Reaman, M. L. A., for Wallace, Assa., and member of the Cayley executive, is dead.

Thompson, Chapleau, Bowell and Dewdney constitute the sub-committee on the school difficulty.

Coal discovered at Prince Albert has been pronounced by Prof. Tyrrell to be as good as Edmonton coal.

Reported that W. Sutherland, M. L. A., for North Qu'Appelle, may resign from the assembly and also from his postmastership.

H. Staveley Pinhorne, a prominent rancher of Macleod, and nephew of Staveley Hill, was found shot dead in bed. The inquest showed that he had shot himself.

LOCAL.

ROADS are superb.

MONDAY and Tuesday were very hot.

TOWN council meeting last night. Report on Monday.

THE river rose considerably on Monday and Tuesday.

THRESHING is in full swing and excellent progress is being made.

ALEX. LUCAS, of Fitzgerald & Lucas, left for Calgary on Wednesday.

F. D. FORTIN is building an extension to the rear of his stationery store.

THE Rev. Canon Newton will conduct divine service in All Saints' church next Sunday evening.

R. HARDISTY and bride, and Mrs. Hardisty returned from Calgary and Banff on Monday's train.

THE Nebraska delegates, accompanying Messrs. Mitchell-Innis and J. Gadsden, left for the South on Wednesday.

J. A. McDougall's warehouse has been removed to his new business site, north side of Jasper Avenue, by the Edmonton Cartage Co.

E. A. NEWTON, proprietor of the Star of Alliston, Ontario, and son of Canon Newton, of The Hermitage, arrived on Monday's train on a visit to his father.

MAJOR MOORE and D. H. Macdowall, M. P., left on Wednesday for Prince Albert. They visited their timber limit while here and are very well satisfied with their Edmonton business. Both look hearty, Major Moore especially.

D. S. MCKAY brought to the BULLETIN, yesterday, a sample of marsh cranberries picked in the marsh between Edmonton and Stony Plain. There are large quantities of these berries in the marsh, and strange to say they have never been picked for sale by the Indians, nor has their existence been known. They are of large size and excellent flavor, superior in both qualities to the imported berries. They differ altogether from either the high or low bush cranberry generally offered for sale and which are so well-known and abundant in this district.

MINING is in full swing up and down the river. At the present stage of water and with the present weather is the miners' harvest.

LENNIE GOOPRIDGE caught a true brook trout yesterday, in the Saskatchewan, at the lower ferry landing. The colored specks on its sides were clearly marked. The mountain trout, common in the streams flowing from the Rockies, has grey speckles.

PROF. J. K. RAE lectured in Robertson's hall on Tuesday evening, giving delineations of Scottish life and character. There was a good attendance. The lecture was varied by a song from E. Raymer, "The Message," accompanied on the piano by Miss Phillips. There was also an instrumental duet by E. Raymer, piano, and J. Flynn, whistle, and another by T. Hourston, violin, and R. Andrews, concertina. Last night the entertainment was a series of lime light views of Scottish scenery. The programme included a song by Mr. Fortin, "I Fear no Foe," a song by Mr. Randall, "Alone on the Raft," and a song by Mr. Becher, "The Boys in Blue," Miss Phillips, accompanying. There was also an accordion solo by R. Andrews. To-night there will be lime light views of English and Irish scenery. The entertainment is under the auspices of the Presbyterian Ladies' Aid.

NEW ADVERTISEMENTS.

LOST, \$10.00 REWARD. About September 15th, between W. Stephens farm East Edmonton and the lower ferry \$250 in bills and a Waltham watch, silver case. Finder is requested to leave same at BULLETIN office. J. STANTON.

TENDERS will be received by the undersigned up to noon on Saturday, October 15th at the office of the Edmonton Cartage Co., for the erection of a bridge across Point la Pie Creek on the N. E. quarter of section 36, township 53, range 23. Particulars on application to any of the undersigned or at the office of the Cartage Co., Edmonton. J. C. C. BREMNER, W. S. EDMISTON, D. FORBES.

MONEY TO LEND. The Dominion Building & Loan Association advances money on town property, either to aid in the erection of buildings (in which case advances will be made as construction progresses) or for any purpose on property already occupied. A large amount has been already advanced in Edmonton. The Association also offers means of quick accumulation by monthly payments which are promptly re-invested. Loans made between 1st of April and 1st October, \$18,800. BECK & McNAMARA, Advocates.

As a rule it is useless to say anything about prices in an advertisement as each claims to sell cheaper than his neighbor and such statements are usually taken for what they are worth. But as regards any of the above lines I intend to excel for this season any way, and a comparison of goods and prices will certainly convince the most skeptical that there has been a revolution in prices.

The Calgary Herald commenting on the statement of the BULLETIN, that the Territories at large had not received fair play at the hands of the gentlemen accompanying the C. P. R. exhibit car at the Toronto exhibition, assures the people of Edmonton "that the advantages of their part of the country will not be underrated or ignored" by the Calgary delegate, Mr. Douglas. The Herald adds: "But we think there are several things which they (the people of Edmonton) might do themselves to bring those advantages more prominently than hitherto before the public of Eastern Canada and the States. First and foremost they should never rest till they get a newspaper started in Edmonton." The Herald has always been very free with its advice regarding Edmonton. The reason why that advice has never been accepted is because it was always in the proportion of one point for the interest of Edmonton and nine points against it. The reason people here do not rustle around to get more newspapers started in the place is probably because they are afraid of being saddled with some such decayed incubus as the Herald, which would be a heavy bill of expense to the business men of the town without being either ornament or use.

W. RITCHIE, government immigration agent, arrived from Grafton, North Dakota, on Thursday, with a large party of immigrants from the district about twenty miles south of Grand Forks, Minnesota and North Dakota. The party includes the following men bringing their families and five car loads of stock and effects: J. T. Osted, A. Linden, K. Knuteson, G. Osted, Ole Arneson, Knute Osten, Tallif Ose and Alex. Thompson. The following men came without families: Simon Soralson, A. Corry, P. O. Maudt, Ole K. Troissness, Paul Somenson, Ole Linedale, D. J. Helle, G. J. Bordat, L. S. Kamarski, J. Drew, A. McDonald, Thos. Scott, Richard Dixon. The greater number are Norwegians, and only one, J. T. Osted, had visited the district before. They will likely settle east of Fort Saskatchewan.

EDMONTON BULLETIN, OCTOBER 6, 1892.

THE ALBERTA EXHIBIT.

The BULLETIN is in receipt of a letter from H. Douglas, of Calgary, who accompanied the exhibit of Alberta products to Toronto, in which he complains that the comments of the BULLETIN on the reports of that exhibit appearing in the Toronto Globe, Mail and Empire were "hardly fair" to him. He says: "I can assure you Edmonton got full credit for the splendid exhibit sent. In proof of the assertion that Edmonton got full credit for the exhibit sent Mr. Douglas forwards a series of clippings from the Toronto papers giving their reports on the Alberta exhibits. What the BULLETIN complained of was that Mr. Douglas in informing the papers as to the localities from which these exhibits came caused the inference to be drawn that they came from the vicinity of Calgary, while, as a matter of fact, the bulk of the agricultural products and grasses came from the immediate vicinity of Edmonton, and that this was not giving the information which he was sent with the exhibit to give, which was to let as many people as possible know where the several exhibits grew and what sort of country they grew in; the only information that could be of any practical value to an intending settler or investor. Mr. Douglas concludes his letter as follows: "Manitoba also had a good exhibit there and they were altogether in the C. P. R. building, I have got all the notes which appeared in all the papers, and if Alberta has not got the lion's share, I am no judge." The question was not as to whether Alberta got more notices than Manitoba, but whether the notices given were clear and reliable and therefore valuable, or misleading and therefore injurious.

The word Manitoba expresses a certain idea to the settler, so does the word Assiniboia and also the word Saskatchewan, for there is a certain sameness in the soil, climate, physical features and agricultural advantages of each. This is not the case with the word Alberta, which is applied to a section of the Territories the two extremes of which differ more widely in soil and agricultural advantages generally than any other two sections of the Territories and have only an approximate resemblance in climate or physical features. The south is bare plain, the north runs into solid forest. The south requires irrigation, the north has an abundant rainfall. The south admits of cattle ranging out all winter, in the north they must be fed hay. In the south the grass grows short and in the north it is long. The south is the ranching country, the north is the farming country. Any representations regarding Alberta, which fail to make these distinctions, are misleading. In order that the capabilities of the farming country of which Edmonton is the centre might be thoroughly shown up, a car of exhibits was collected and sent down. This car included the grass, pea vine and vetch mentioned so repeatedly in the newspaper report. They are peculiar, in such luxuriance, to the Edmonton district of Alberta. They do not grow in like luxuriance in any other part of the Territories, and careful examination of the several clippings sent shows that only in one case was the pea

vine and vetch credited to Edmonton. In no case was the rest of the grass or any part of the grain or vegetables credited to this district, except in one, when general mention was made that the greater part of the exhibit came from Edmonton, and in another which stated that as Central Alberta had already established its reputation as a grain growing district, the present exhibit was chiefly taken from Edmonton, to prove that that district also could grow grain. On the other hand, in almost every report, Edmonton was specially mentioned as producing coal, or brick, or gold, or tobacco, while the inference was plainly to be drawn that the grain, grass and vegetables shown came from the vicinity of Calgary.

HAMILTON, September 19th, 1892.

MY DEAR MAYOR,

The party of members of parliament who recently visited Edmonton, desire me to convey to yourself and council their warmest thanks for the very kind and hospitable way in which they were treated while there.

It was one of the most enjoyable incidents of a very pleasant and interesting journey. We were delighted with our visit to your prosperous and beautiful town, and all our party are of the opinion that there is no part of the Great Northwest that excels the Edmonton district in fertility of soil, varied resources and natural beauty, or possesses in a greater degree the requirements to make a grand and prosperous country.

Our great regret is that our time in Edmonton was so limited.

With kind regards to yourself and colleagues,
Yours, faithfully,

FRANK RICHARDS, the English newspaper correspondent, who visited Edmonton a few weeks ago, told the Free Press that "The district round Edmonton is one of the best in the whole Dominion, and the vegetables and other produce he saw in that town have forced him to the conclusion that that is the place which will receive more settlers during the next few years than any other part of the country. As to the climate he has never in the whole of his life seen such a delightful climate as he has experienced since he has been here. * * * * * The country which has most favorably impressed Mr. Richards is that surrounded by the North Saskatchewan and Red Deer rivers and Battle river, having for its centres Buffalo and Birch lakes. The whole country is intersected by rivers, creeks and lakes. It has the appearance of a vast nobleman's park, and it remains only for the industrious, energetic and healthy men to go in and possess the land."

FARMERS north of town complain of the nuisance of Sunday shooting parties from Edmonton. In the first place they object to Sabbath breaking generally, and in the second place they object to the grain being shot out of their stooks as it is by shots being fired at prairie chickens roosting on them; and also to the great danger of prairie fires being started either from burning gun wads or from matches carelessly thrown around. They desire to give notice that they will prosecute any such parties in future, under chapter 29, of the revised ordinances of the Northwest, which provides that no person shall discharge firearms on the Lord's Day under penalty of a fine not exceeding \$100 and costs of prosecution. It might not be out of place also to remind all parties that any person who allows a fire to escape is liable to a heavy fine and costs or to imprisonment.

During the past month eighty-two births and fifty-nine deaths were registered in Winnipeg. Of the latter forty-five were children, of whom eighteen died of cholera infantum, seven from scarlet fever, two diphtheria and one from measles.

A letter from Kootenay lake, B. C., relate that two mining prospectors, William Corlett, of Galveston, and Henry Gosford, formerly of St. Paul, were, on September 10th, attacked and devoured by mountain lions.

Moosomin Courier: "Wheat is now beginning to come in in good quantities. On Tuesday over 1,500 bushels were taken in at one of the elevators. The price was 53 cents.

Deloraine has a well 1,820 feet deep, in which the water rises to 100 feet from the top. The water is of good quality.

The Regina Leader has been informed on reliable authority that arrangements have been made by the mounted police authorities to have men stationed at various points in that district as fire guards, as soon as there is any danger to apprehend from prairie fire. The police did valuable service last year in this direction, and settlers will be glad to learn that the service will be continued.

When the C. P. R. telegraph system went into operation a reduction of rates was promised when business would warrant it. Such a reduction has now taken place. The day rates to points in Ontario and Quebec have been reduced one-fifth, and are now \$1 for day messages of ten words and 75c for night messages. Proportionate reductions have been made to other provinces and States. A reduction of five cents a word on cable business is made as well. Energy of management has made the C. P. R. telegraph system the equal of anything on the continent.

BY-LAW NO. 29.

A by-law to provide for borrowing the sum of \$10,000.00 upon the credit of the Municipality.

Whereas it is expedient that there should be raised by the Municipality of the town of Edmonton the sum of \$10,000.00 to enable the Municipality to repay certain amounts temporarily borrowed for the purchase of certain lands and fire apparatus required for the use of the Municipality and for other like purposes of permanent benefit to the Municipality, and also to enable the Municipality to borrow further sums which it is expedient to expend for the purpose of erecting a fire hall and for other like purposes of permanent benefit to the Municipality.

And whereas the value of the rateable property in the Municipality, according to the last revised assessment roll, is \$664,364.00.

And whereas the amount of the existing debt of the Municipality, other than for current expenses, is \$17,862.49 (incurred in respect of local and permanent improvements) and \$138.50 for interest thereon making together \$18,000.99 whereof no part is in arrear.

And whereas it is expedient to borrow the said sum of \$10,000.00 by the issue of debentures, the principal whereof shall be repayable within ten years from the date upon which this by-law shall take effect, and which shall bear interest in the meantime payable half yearly at the rate of six per cent per annum.

And whereas it is expedient to provide for the repayment of the said principal sum by the creation of an equal yearly sinking fund.

And whereas the total amount which will be required to be raised annually by a special rate for repaying the said debt of \$10,000.00 by means of a sinking fund as aforesaid, (and the interest thereon as aforesaid) is \$1,395.04.

And whereas the annual special rate on the dollar required as being sufficient to pay the said interest and to create the said equal yearly sinking fund for the paying of the principal is two mills and one-tenth of a mill.

Therefore the Mayor and Council of the Municipality of the town of Edmonton in council assembled enact as follows:

1. This by-law is to take effect on the 1st day of December, 1892.

2. The Mayor and Clerk of the Municipality may borrow on the credit of the Municipality the said sum of \$10,000.00, and may issue debentures of the Municipality to that amount in sums of not less than \$500.00 each and repayable within 10 years from the said 1st day of December, 1892, with interest at the rate of six per cent per annum payable half yearly; such debentures to be payable at the Imperial Bank of Canada, Edmonton, Alberta, N. W. T., and to have attached to them coupons for the payment of interest.

3. For the purpose of paying the amount which shall be required to be raised annually for paying the said interest and creating an equal yearly sinking fund to be set apart for the payment of the said principal sum of \$10,000.00 a special rate of two mills and one-tenth of a mill on the dollar, over and above all other rates and taxes, shall be levied (in the same manner and at the same time as the general Municipal taxes upon the whole rateable property in the Municipality in each year for the period of ten years from the said 1st day of December, 1892, being the period during which the said debentures will run).

4. Monday the 17th day of October, 1892, between the hours of nine o'clock in the forenoon and five o'clock in the afternoon at the office of the town clerk, Edmonton, is hereby fixed as the day and hour and place for taking votes of the electors for and against this proposed by-law.

5. A. G. Randall is hereby appointed Returning Officer and J. R. Michael Deputy Returning Officer to take the votes at the said time and place.

6. Monday, the 17th day of October, 1892, at the hour of six o'clock in the afternoon at the town Clerk's office, Edmonton, is hereby fixed as the time and place when and where the Returning Officer shall sum up the number of votes given for and against this proposed by-law.

Provisionally adopted in Council this 16th day of September, 1892.

PUBLIC NOTICE is hereby given that the foregoing is a true copy of a proposed by-law which will be taken into consideration after one month from this 19th day of September, 1892, being the date of the first publication thereof in the "Edmonton BULLETIN," a Public Newspaper published within the Municipality, and that the votes of the Electors of the Municipality will be taken thereon at the town clerk's office, Edmonton, on the 17th day of October, 1892 from the hour of 9 o'clock in the forenoon to 5 o'clock in the afternoon, and the polls will then and there be held for that purpose.

A. G. RANDALL,
Town Clerk.

PUBLIC Notice is hereby given that under "The Companies Act," letters patent have been issued under the Great Seal of Canada, bearing date the 9th day of August, 1892, incorporating John Ritchie, of the Township of Bathurst, in the County of Lanark, Province of Ontario, miller; Robert Ritchie, of the said Township of Bathurst, miller; George Ritchie, of the said Township of Bathurst, yeoman; William Ritchie, of Grafton, in the State of North Dakota, one of the United States of America, yeoman, and William James Orman, of the City of London, England, gentleman, for the following purposes, viz.: The carrying on of a general milling and grain business, and the buying, selling and dealing in grain, flour and other produce,—by the name of "The Edmonton Milling Company" (Limited), with a total capital stock of forty thousand dollars, divided into four hundred shares of one hundred dollars.

Dated at the office of the Secretary of State of Canada this 20th day of August, 1892.

J. C. PATTERSON,
Secretary of State.

ECONOMY.

The Regina Standard comes out strongly against the Royal-Cayley executive. It publishes the order-in-council whereby the new executive adds another \$1,000 to their salaries, making the total sum \$4,500, and then gives the figures of the expenses of the Haultain executive as appearing in the public accounts as follows:

"EXECUTIVE COMMITTEE.

F. W. G. Haultain,	450 95
J. R. Neff,	372 00
Thos. Tweed,	66 35
H. S. Cayley	832 30

1721 60."

The Standard comments as follows: "Thus, it may be seen that Mr. Cayley, during the short time that he spent here, drew nearly as much public money as the other four members of the executive drew in six months. The appropriation for the half year was \$1,750 and it was only when he learned that there but \$88.40 of it left that Mr. Cayley handed in his resignation. The wise little man now provides for the future by putting an extra thousand in the appropriation. It comes to him as a sort of after-thought, but he gets it there just the same, and the lieutenant-governor, with characteristic generosity, grants his approval:

For saints themselves will sometimes be
of gifts that cost them nothing, free.

It was while pretending to earn these \$832 that Mr. Cayley became so full, so very full of ambition to be, not the "acting," but the premier. Having once tasted the sweets of office, they became irresistible, and this, no doubt, accounts in a large measure for his seeming disregard of his former contendings."

SPORT IN CALGARY.

The cricket, base ball and lacrosse boys returned from Calgary on Monday's train, somewhat crestfallen as to the result of their play, but delighted with their trip, and particularly with the kindness shown them by their friends in Calgary. On the arrival of the first contingent on Wednesday evening, they were met at the station by the representatives of the Calgary clubs, accompanied by the band, and escorted to the Royal Hotel. Every attention was shown them by the Calgary boys throughout their stay. On Thursday the cricket match took place. The result has already appeared and the score is given in another column. On Friday the base ball game was played and resulted in favor of Calgary, 26 to 20. On Friday night the Calgary men entertained their visitors at dinner in the Royal Hotel, and a most pleasant evening was spent. On Saturday another five innings game of base ball was played, which resulted in favor of Calgary by 8 to 0. In regard to the base ball game it may be mentioned that only five members of the Edmonton club played, the remainder of the nine being made up from the cricket and lacrosse clubs. The lacrosse game was played on Saturday afternoon, and resulted in four straights for Calgary. The home and defence of Edmonton played well, but the field was too weak to match Calgary. After the lacrosse game a foot race was got up between Moosewa, of Lake St. Ann, and Tarrant, of Calgary, 100 yards, \$50 a side. A large amount of money was put up, each champion being chiefly backed by his own town. As Moosewa won, the result in this case softened to some extent the disappointment of the Edmonton men at the results of the games.

The Calgary lacrosse team are coming to play Edmonton on the 18th. Capt. McNamara particularly requests every young man who can handle a crosse to turn out to the practice at 6:30 every morning on the race course. The lesson of last week shows that Edmonton will require to do its best to hold its own against Calgary.
